Amanda Peters Haugrud

9/30/2022

Current happenings

- Monthly meetings
 - Introductions
 - October: Discussion on Equity in Plant Breeding
 - November: T3 exercises with Jean-Luc and David Warring
 - December: Meet with private industry panel (Ellie Taagen, Brittney Jones, Dylan Larkin)
 - **January: Student workshop at PAG on Friday, January 13th**
- Writing groups
 - 3 groups currently meeting
- Just completed student survey (21 students)

PAG student workshop

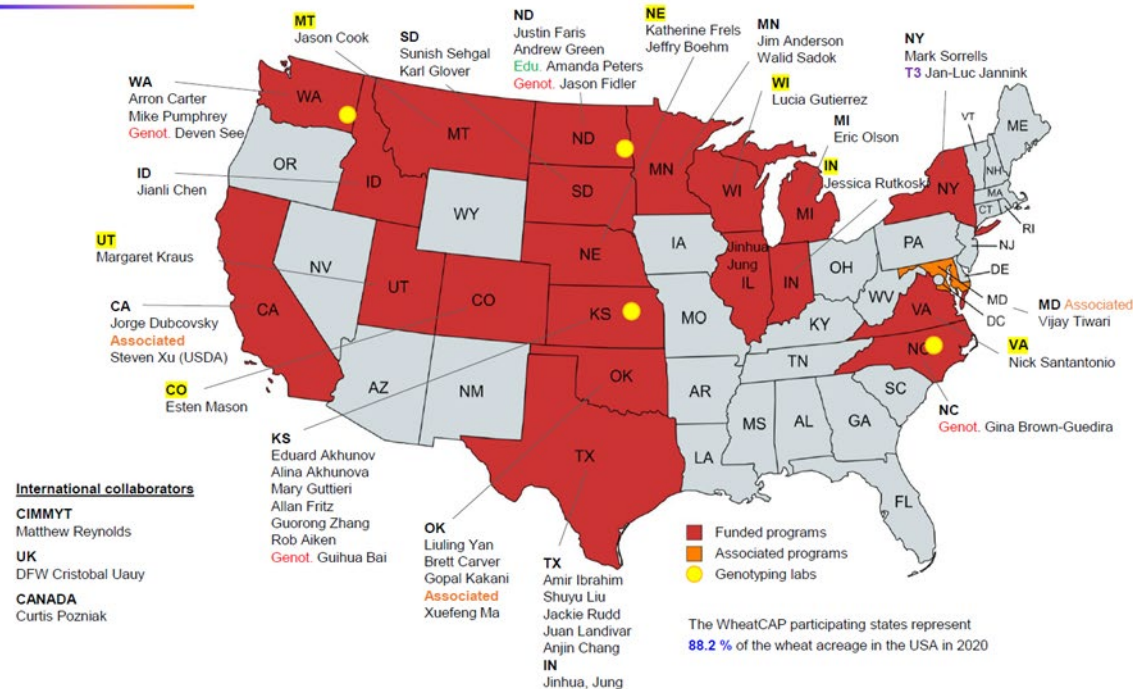

- All day Friday, January 13th, Town and Country Resort
- Individual programs will need to fund flight/hotel/conference registration
- We will try to have it available over zoom but highly prefer if students attend in person
- Student presentations
 - Update on projects and proposed research, 10 minutes long
 - Potentially short Q&A sessions on topics related to the WheatCAP
- Posters at Sunday meeting with PIs

T3 workshop in the spring/uploading data

- Hoping to have an online workshop in the spring with Jean-Luc and David Warring
- Most likely will be a couple of hours a day for 3-5 days
- Perfect time for students to upload their data for next summer
- Any other educational activities we should include in this or related to this?

Please encourage your students to participate!

WheatCAP 22-26

New Educational coordinator

- I will be starting a new position within the next 6ish months
- We have some potential candidate, but unsure if it will work because they are hired on a different grant
- Does anyone have any suggestions, know anyone interested, comments, concerns?
